Dear , Rovshan , Feliks , Leonid !

On February 24, 2022, the Russian Federation launched a full-scale military invasion of the territory of Ukraine. The invaders aim to seize territories and power in an independent state. Both the military personnel of Ukraine and ordinary civilians were under the crosshairs of the enemy. Russian soldiers kill people, children, destroy not only military facilities, but also infrastructure facilities (water supply, gas supply, engineering facilities, hospitals, schools, and cultural institutions). As a result, a large number of the population has been left without gas, water and electricity, making access to water, food and medicine much more difficult.

In this regard, the Ministry of Reintegration of the Temporarily Occupied Territories of Ukraine turned to us for help in organizing the proper livelihood of internally displaced persons to the city of Zaporizhzhia from the temporarily occupied territory of the Kherson region.

CO "STARTUP UKRAINE Charitable Organization" addresses you, Mr. Leonid, Mr. Feliks , Mr. Rovshan with a request to consider the possibility of providing charitable assistance in the form of humanitarian cargo in accordance with the Appendix. All donated items will be delivered and given to people who need them.

Appendix . Letter from the Ministry of Reintegration of the Temporarily Occupied Territories of Ukraine with an attachment (list of necessary items).

With respect and hope for productive cooperation,

President
